In the world that we live in

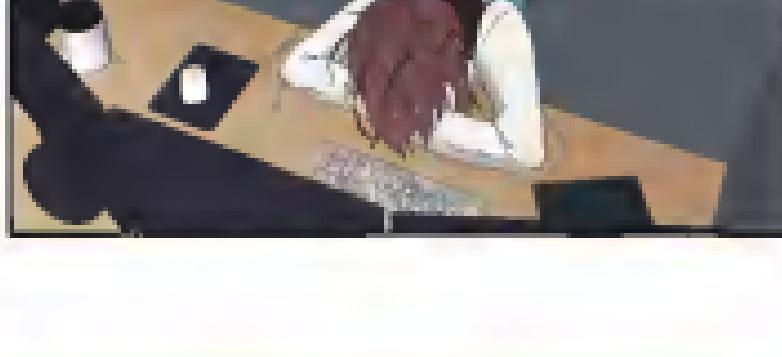

If a hero doesn't exist, then

If they only exist in manhwas or movies, then

The building collapsed as
the bomb and the teenagers
were pulled underneath the
falling debris.

Justice Men
were dispatched and
rescued them.

I left in a hurry
because of the
explosive reports.

The explosion was never
detonated but I got the word
from Justice Men that
I should leave when
they got there.

However, I wasn't able
to rescue them all...

Well! As a result
any possible rescue from
the public has turned into
unconscious persons!

Mr. B. Blue (Well, you will
soon be officially signed
into the world's hero
association!)

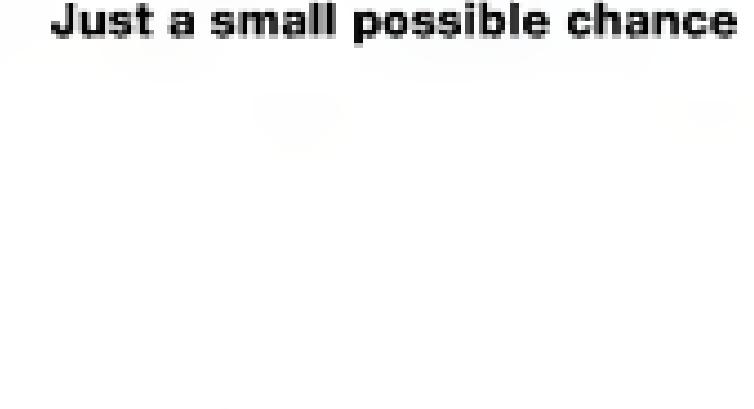

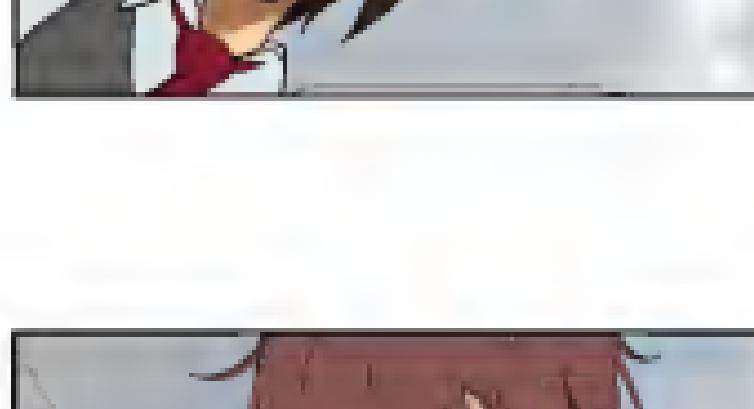

Well, I've already signed
and I am aware that
currently they are
altering the Justice
process.

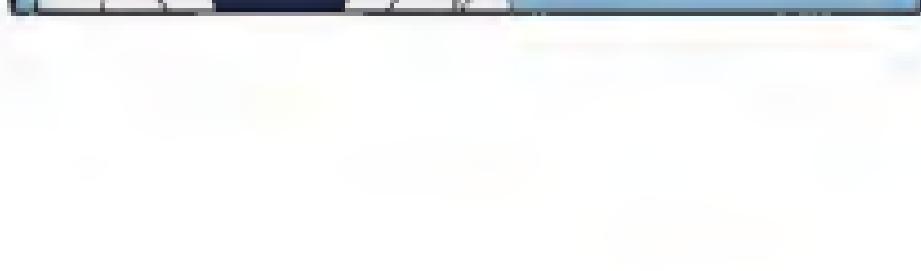

Monstrosity? With this,
I feel like I'm in way too
far off from having the own
heroine association.

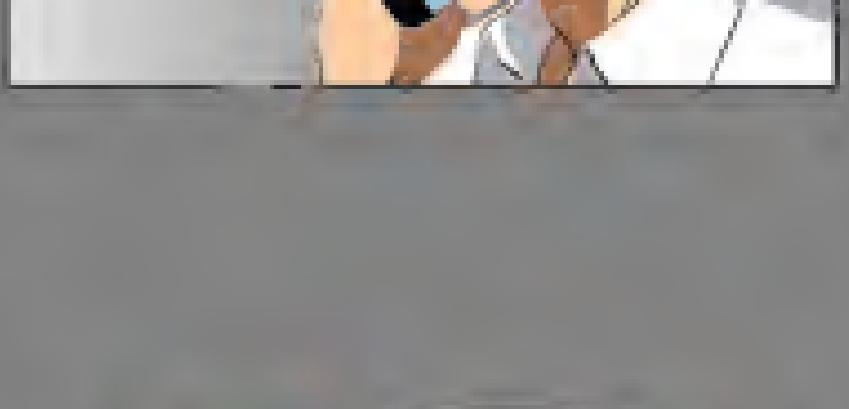

Just a small possible chance

You... Thank you.
With an official entry into
the world's hero association,
Korsa will be the 11th heroes
association to exist.

And now we will be
showing the promotional
footage that was made
by the government.

KO-BUM!
YOU RAN AWAY AGAIN,
RIGHT?

I KNOW YOU'RE
HERE!

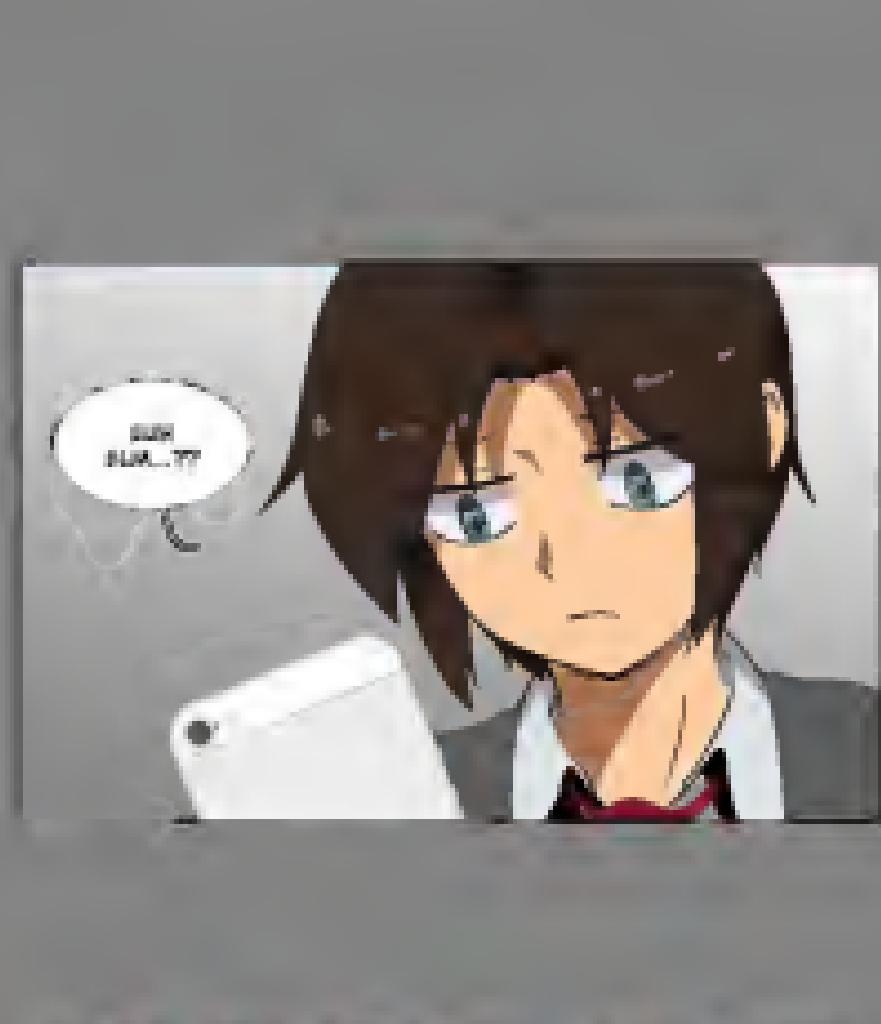

IT FEELS GOOD TO EAT
AT HOME SINCE IT'S BEEN
A WHILE.

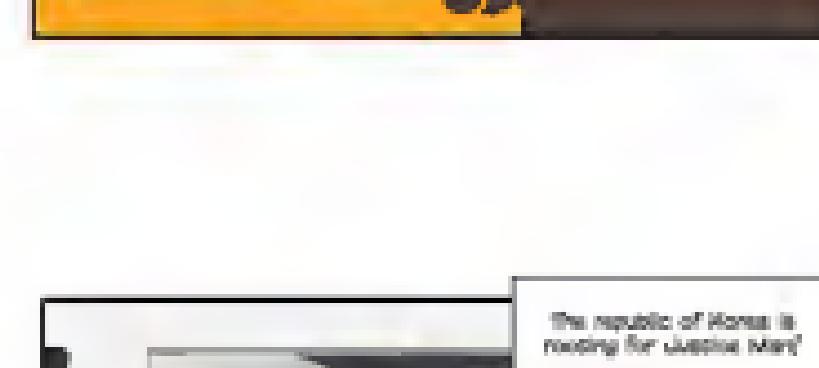

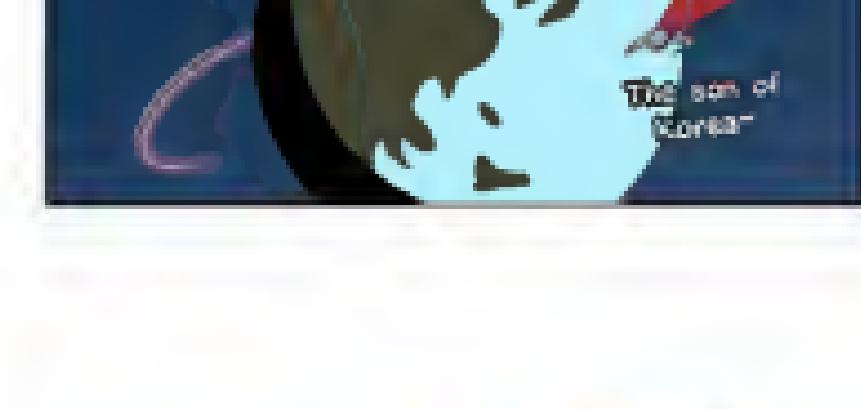

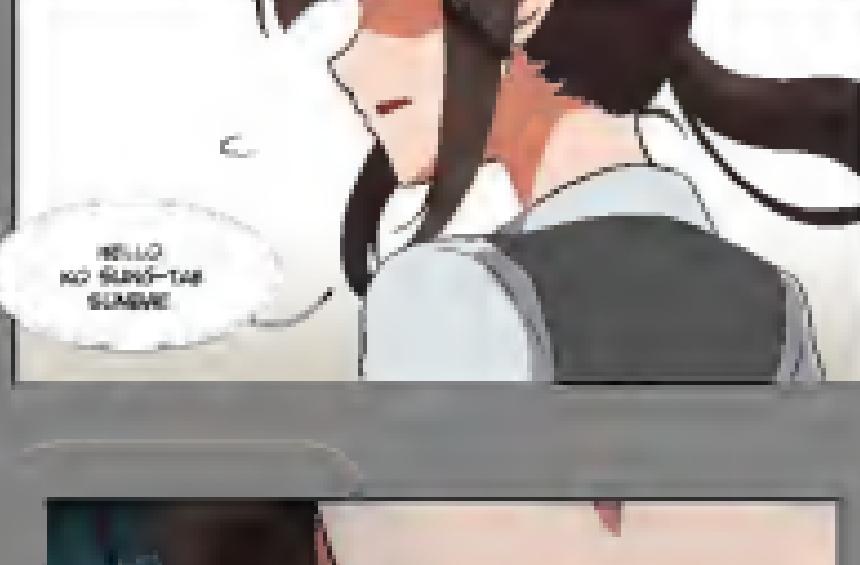

BYE~

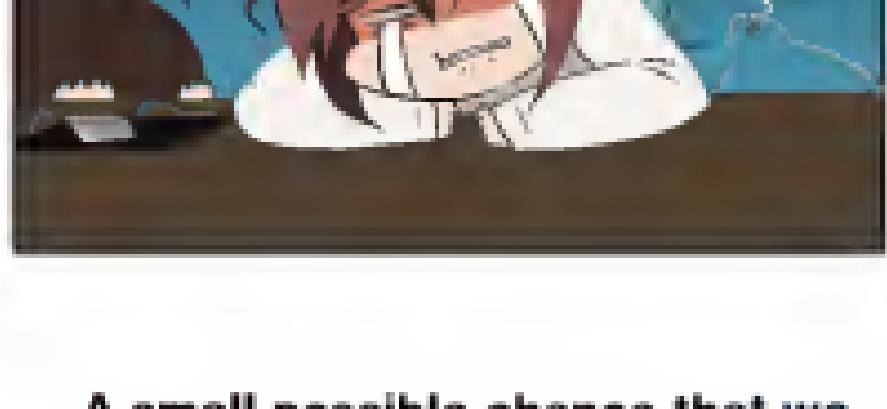

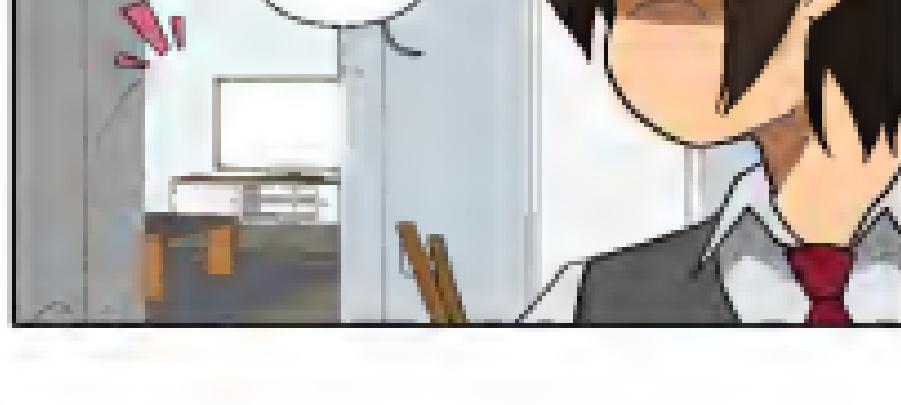

WANT TO
SEE SOMETHING
COOL?

A small possible chance that we could become happier.

See you 2017. 2
